DOCUMENT NAME: SCOPE OF INTEGRATED MANAGEMENT SYSTEM

Quality, Environment and Occupational Health and Safety Standard Scope;

Atakaş Liman İşletmeciliği ve Tic. A.Ş. is established in İskenderun 2nd Organized Industrial Zone, Azganlık Mah. 21. Sok No:9 İskenderun/Hatay address on a 170.719 m² surface area. Port services activities includes ship loading/unloading operations, material storage, waste collection from ships and semi-shipment in port field.

The Integrated Management System of Atakaş Liman İşletmeciliği ve Tic. A.Ş is designed to increase the wellbeing of all employees employed in the offices and service areas within the facility, to ensure facility/equipment safety, to create a safe environment for services and employees and to fulfill our responsibilities towards the environments.

The system is designed and can be improved anytime by considering the services provided within the scope of Atakaş Liman İşletmeciliği ve Tic. A.Ş Port Services activities, in compliance with legal regulations and by making the most of past experiences of our employees. Besides, the system is kept updated at all times by constantly following up with variables that might be effective during service period such as risk, effect, probability and environment size.

Within the scope of Atakaş Liman İşletmeciliği ve Tic. A.Ş life cycle, the system controls the activities and products and evaluates their effect on the environment. While maintaining our activities within the framework of legal regulations with important environment effects, needs and expectations of interested parties must be considered. The system includes operations towards control and minimizing effects of wastes produced by our activities or neighbors (hazardous, non-hazardous, domestic, plastic, paper, etc.) on the environment (earth, water, air). Hazardous and non-hazardous and operational wastes are disposed of via waste companies that have necessary licenses.

Atakaş Liman İşletmeciliği ve Tic. A.Ş Integrated Management System is prepared within the framework of ISO 9001, ISO 14001 and OHSAS 18001 standards.

Under Atakaş Liman İşletmeciliği ve Tic. A.Ş Integrated Management System's roof, we evaluate:

- Quality Management
- Environment Management
- Occupational Health and Safety applications.
